THE REASON WE “RIDE” FOR CRAIG AND JUDY

Firefighter Craig Samples joined the Gwinnett Fire Department in 1988. After successfully completing the courses necessary to become a Fireman, he began working at Fire Station #14 in Buford.

Soon thereafter, Craig was diagnosed with ALS, or Lou Gehrig's disease. By 1990 the disease was taking over. Craig was unable to perform his duties. With great sadness he had to leave the Fire Service. He is confined to a hospital bed in his home. Craig has lost all of his muscle abilities, but he still maintains full mental capacity. Craig is fully aware of our desire to help him and Judy with this benefit ride.

Fellow Bikers raised funds with this Ride For Craig to buy a computer that responds to his eyelid movement. With this software, Craig is able to communicate with Judy and visitors. His loving wife is always by his side, taking care of Craig's daily needs.

Proceeds from “**RIDE FOR CRAIG**” help Craig and Judy with their medical and daily living expenses
